Dear Mr Bachrach:

Thank you for inspiring the wonderful program that is the Portrait exhibit in celebration of 125 anniversary of the Women's Educational and Industrial Union. Your idea brought together an awesome group of women and I was honored to be among them. I believe this traveling exhibit will serve our community well. The stories were compelling and will serve as role models for our young women.

It was also a beautiful exhibit. The portraits were stunning. I knew many of the women and I thought their portraits were perfect. For me personally this was a wonderful experience. I was delighted with the portrait since it presented me in a style that reflects my true sense of self and looks as I always wished I appeared.

Thank you for your generous donation of time, resources and artistic talent.

Sincerely,

Nancy Oriol, M.D.
